

New Food Plan Will Help Town

Welfare Agent Believes Food Stamp Plan Will Reduce Town Expense — Will Provide Needy With More Food — Explains Plan To Chamber Of Commerce

An outline of the Federal Food Stamp plan, which is to become operative in Arlington, presented by Clifford W. Cook, Arlington welfare agent, featured the February meeting of the Arlington Chamber of Commerce at the Arlington Gas Light company on Tuesday evening. Earl A. Ryder presided.

During the business meeting it was voted to recommend that all stores in Arlington remain closed on Saturday, February 22, in observance of Washington's Birthday and President Ryder urged that the public be encouraged to shop Friday, the day before the holiday for their week-end needs.

The Chamber voted the sum of \$25 for the Greater Boston Community fund.

Before describing the operation of the Federal Food Stamp plan, which has been outlined in full in the NEWS, Mr. Cook compared the present welfare expenditures with those of ten years ago. In 1930, Arlington had but 116 families on public welfare, he said. Today this department takes care of 434 families, 520 Old Age assistance cases, 67 Widows' Aid cases and 120 Soldiers' Relief cases. Ten

years ago the town's total expenditure for public relief was \$41,556. In 1940 a staggering total of \$341,317 was spent for welfare relief in Arlington alone. This sum includes reimbursements and the town's net expenditure in 1940 was \$164,000 the speaker said.

In addition to financial aid, surplus foods raised by farmers all over the country have been distributed to the needy since 1933 when surplus commodities were first dumped into Arlington for distribution to WPA workers and their families, and to welfare recipients, Mr. Cook explained.

Much of this food is perishable, and the problem of proper storage at the old Robbins house, the local welfare headquarters, plus the cost of packaging and carting has been the town's. In 1940 no less than 221 tons of surplus commodities were distributed in Arlington, Mr. Cook revealed.

The Food Stamp plan will still be under the jurisdiction of the Department of Agriculture which is chiefly concerned with the disposal of the food, Mr. Cook said. The plan was first

Boys' Club Up In Hoop League

With impressive wins over the Peter Pan club and the Olympics, the Arlington Boys' Club this week went into a tie with the Pals for the top honors in the Arlington Basketball League sponsored by the local Adult Recreation project. Close on their heels however and with the same percentage rating but with one less win are the Quincy A. C. whose position has not changed from last week because of the schedule arrangement.

The Eagles dropped an easy one to the more experienced Rangers by a 70 to 36 score, but put on the best game of the week when they took a thriller from the St. Joseph team by the narrow margin of 25 to 21.

Both teams were about evenly matched and put on a fast, good to look at game.

The results for the week were: Rangers 70, Eagles 36; Boys' Club 63, Peter Pan 38; Eagles 25, St. Joseph's 21; Pals 36, Cardinals 18; and Boys' Club 46, Olympics 33.

Arlington Goes "Over" In Community Drive

Arlington has over-subscribed its quota of \$21,000 in the Greater Boston Community Fund campaign with approximately \$21,109.98 received up to press time.

Thanking Arlington residents for their contributions, Mrs. William A. Muller, chairman, stated that local headquarters at 677 Massachusetts avenue will remain open until Monday as every effort is made to put Arlington way ahead as far as the quota is concerned. She urges that any resident not contacted either through sickness among solicitors or through error, make a personal visit to the headquarters and contribute to the fund.

Expressing appreciation to solicitors for their efforts during the campaign, Mrs. Muller urged them to recheck their areas and make certain that every person has been given the opportunity to contribute. She emphasized that \$21,000 is the bare minimum needed to carry on the vital work of all the agencies participating in the Community Fund. Every cent over the quota will help these organizations provide greater service, she said.

There were some anxious moments at the Community Fund

headquarters early this week as it appeared the quota might not be reached. Responding, however, to the recognized worth of the Fund agencies, Arlington residents gave generously and by Wednesday it appeared certain that the quota had been reached.

There has been considerable rivalry among the various precincts in the contest to be first to report total solicitation. There is a close race on between Precincts one and six with several other groups running close behind.

In commenting on the apparent success of the Arlington drive as evidenced by approach to the quota, Mrs. Muller said:

"The Members of the Campaign Committee wish we could meet personally and thank each individual solicitor who has rung a bell in Arlington. Some of those who have brought in the fewest pledges have done the most thorough and intelligent job, we want them to know that their work is appreciated. To all the townspeople who have supported us in so many ways, we can only say 'Thank You.' Arlington has again lived up to her tradition."

Following are the thirteen Arlington young men from the Draft Board No. 5 district who were inducted into the United States Army yesterday. They will undergo a year's military training. Those of the Draft Board No. 4 district were mentioned in last week's NEWS.

Those who reported at the Park Circle Fire Station were:

Francis Arthur Cook, Robert Edward Kelly, John Ronald Millican, Frederick Preston Orchard, Jr., Thomas Horace Greeley, Frank Edward Locke, Joseph McLeod Vail, Richard William Stage, Joseph James Casali, William Ernest Hunter, Arthur Francis Lorentzen, Francis Donovan O'Hearn and Vernon Selim Lindahl.

Sixteen Students Receive Caps At Symmes Hospital

Sixteen students received Caps and Bibs, Monday evening, February 3, in the class room of the Symmes Arlington Hospital.

The ceremony was very impressive. A pageant portraying the characters in the History of Nursing was first presented. This was followed by the capping of the students.

Each student entered the class room carrying lighted candles where Miss Lunt, Miss Mueller, practical instructor, and Miss McLaughlin, president of the Class of 1941, presented them with their caps. The students then recited the Florence Nightingale Pledge and marched out of the class room singing "Follow the Gleam." The parents of the students were also present at the exercises.

Miss Brown, superintendent of the hospital, introduced to the audience each member of the faculty.

Refreshments were served and a reception took place in the living room later.

Suffers Head Injury In Fall On Icy Walk

Axel B. Peterson, 29, of 61 Randolph street was rushed to the Symmes hospital in the police ambulance Sunday afternoon to be treated for injuries received when he struck his head on the sidewalk on Orvis road. Peterson had just stepped out of an automobile when he slipped on the icy sidewalk. He was given first aid treatment by Dr. Winslow M. Kingman, who happened to be in the vicinity, and then removed to the hospital.

Blaze Causes Heavy Damage

Firemen battled two house fires, one of which caused considerable damage, on Friday and Saturday. Box 265 was sounded shortly after 1 o'clock Friday afternoon for a fire in the two family house at 44-46 Fairmont street where a stubborn blaze which started in the cellar caused heavy damage, particularly in the first floor apartment occupied by Arthur Morrison and family. The second floor apartment is occupied by Charles F. Hayes, owner of the house, and his family.

Police lieutenant Charles E. Carroll and Officers Edward Sullivan, Felix Lopez, and John Hourihan were at the scene of the fire while firemen battled the blaze for over an hour.

Shortly after nine o'clock Saturday morning an alarm was sounded from Box 373 for a minor fire in the home of Evelyn Coughlin and family at 34 Richfield road.

IMPORTANT NOTICE Automobile Owners

Automobile owners are requested to cooperate with the Board of Public Works by not parking automobiles on the highways during and after snow storms while plowing and removal work is in progress, so that streets may be cleared and normal traffic resumed.

In the past automobiles parked on both public and private ways have greatly hampered the Public Works Department in its snow work.

Your cooperation will be greatly appreciated.

Quiet Town Election Is Seen With Contest For Board Of Public Works As Chief Attraction—Ryan Promises Lively Campaign—Daley May Be Opposed

Arlington is due for the most quiet town election on record, on Monday, March 3, when only two major town offices will be contested. In all other cases town officials whose term of office expires this year, will seek re-election without opposition.

The war abroad and the recent increase in employment are cited as reasons for the dearth of candidates, not only in Arlington but in other towns where a similar condition exists.

The major contest will be for the three-year term on the board of public works with Chairman Willard A. Wallace, of

114 Wildwood avenue, being opposed by Edward T. Ryan, of 132 Wildwood avenue, a former member of the same board. Although Mr. Ryan has run for this office on several occasions since he last served on this board, he never campaigned extensively for the position. However, he as well as his supporters predict that a strong bid will be made for the office this year and a well-organized campaign is forecast.

Seventeen Automobile Accidents In Week

Snow and ice over the week-end was held partly responsible for the sudden increase in automobile accidents in Arlington with no less than seventeen crashes investigated by the police during the past week. In many cases however no one was injured.

Wednesday afternoon, a car operated by D. R. Torrey of 29 Overlook road was struck by a bus at Massachusetts avenue and Lancaster road. The same afternoon a car crashed into another auto and a truck at Massachusetts avenue and Lake street.

Late Tuesday afternoon, Robert Canty, 6, of 77 Webster street escaped serious injury when he coasted into an automobile, opposite 66 Webster street.

Earlier the same afternoon, a car operated by Antonio F. Gonsalves, of Cambridge overturned on the Concord pike, opposite Highland avenue. Gonsalves, who was learning to drive, acknowledged the accident. (Continued on Page Two)

Thomas L. Barron of Framingham suffered neck injury Sunday afternoon when his car was struck by another auto in front of 22 Massachusetts avenue.

The same afternoon, Mary Peabody, of 119 Brattle street, was slightly injured when the car operated by Lester Peabody was struck by another auto as Peabody backed out from the curb in front of 58 Mystic street. The other car was operated by Frank Bellevue of Malden.

Late Saturday night, Alfred O. Mello, of Billerica injured his forehead when the car which he was operating struck a parked car on Summer street, near Park Avenue North.

In a similar accident an hour earlier, Arthur Falkson of Dorchester and Robert Long, of 22 Marathan street were slightly injured when the parked car in which they were sitting was struck by another auto operated by Edward L. Whitney, Jr.,

of Watertown. The accident happened in Massachusetts avenue near Wyman terrace.

Two Near Same Spot

Two accidents took place within a few minutes of each other at Massachusetts avenue and Mill street early Saturday afternoon. The first occurred when a car operated by Ralph Olson, of 55 Menotomy road, collided with another auto operated by Elsie B. Moltman of Cambridge. No one was injured. About ten minutes before, a street car operated by Patrick J. Dwyer of Dorchester collided with a truck operated by Roy C. Hamilton, of 25 Fairview avenue, well known caterer, in front of 795 Massachusetts avenue.

Friday evening, Mary Dorrington of 15 Whittemore street suffered head injuries when the auto in which she was riding was in collision with another car on Summer street. Most seriously injured in this week's series of seventeen automobile accidents, in Arlington, was John Murray, 19, of Lexington who suffered a fracture of the right shoulder when struck by an auto on Massachusetts avenue near Paul Revere road. The youth was taken to the Symmes hospital in the police ambulance. The car was being operated by John Hilton, of Lexington, according to the police.

Friends Of Drama To Present "Shadow And Substance" Next Week

By Joseph Hoar

"Shadow and Substance" under the direction of Elaine Cunningham Goodell, will be presented three evenings at 8:15 o'clock at the clubhouse of the Arlington Friends of the Drama Inc., on Thursday, Friday and Saturday, February 13, 14 and 15.

The local organization has obliged requests for new faces by casting in the chief roles of "Shadow and Substance" players new to Arlington play-goers. Jacques Burguet is the Canon and opposite him is the only familiar player in the company, Marjorie McCann, who appears as the servant of the austere ecclesiastic. Miss McCann, remembered for her Portia in "The Merchant of Venice" has an unusual character to cope with and manages it very nicely.

Thomas Roach of Waltham Teachers' Productions and the Pine Tree Stagers, Waldo Stone of Tufts College and Gordon Chandler of "You Can't Take It With You" have roles vital to the action of the play and do them in Irish brogue. Jean Rextrow of Allston appears in the ingenue role of the Canon's niece and will do the part just

George MacGray, Bernardine Brooks and Mrs. Ruth Stevens give able support to the others in this amusing, sometimes transfixing four-act drama.

A study of modern Catholicism in Ireland, "Shadow and Substance" takes place in the hills of Mourne near County Louth, Ireland. The staging has been the work of Barbara Llewellyn who also will prompt. Practical doors make a welcome appearance in this play which Elaine Goodell has brought to the footlights with a conservatism and cunning that pronounces her skill as a director.

—The other contested office will be that of the warden. It was revealed this week when it was discovered by the board of registrars that Daniel M. Daley of 18 Medford street, veteran tree warden, had an insufficient number of signatures on his nomination papers filed at the town clerk's office. It is understood that Daley lacked thirty-three signatures. Each candidate for major town office was required to have six hundred endorser's names on his nomination papers.

—The tree warden has run for years with little or no opposition and has been re-elected annually by a tremendous vote, usually receiving the largest vote of any candidate on the ballot despite the fact that this office is the last one listed. Announcement that his name would not appear on the ballot through neglect in not filing a sufficient number of signatures was the political surprise of the week. While Warden Daley will likely use stickers, it would not be surprising if some opponent organized sufficiently strong support to win election on March 3.

—Estabrook Unopposed

Chairman Harold M. Estabrook, of 10 Inverness road, will be unopposed for another three-year term on the board of selectmen. A. Warren Rutherford of Newcomb street who had taken out nomination papers for this office failed to file them before the deadline.

Mr. Hamilton, in addition to his public performances, is associate teacher of the Curry School of Dancing, 76 Hillside avenue, Arlington Heights.

In making the announcement, Victor A. Friend, chairman of the committee, stated that the concert is to be for the benefit of the Melrose Humane Society and many prominent residents of Melrose, Arlington, Malden, Winchester and nearby communities are taking an active interest in it.

—Mr. Hamilton's kind consent to appear with Miss Hoctor as guest artist, Mr. Friend said yesterday, "means simply that we'll be presenting, for this very

worthy charity, one of the most unusual, varied and brilliant exponents of the classical and modern ballet ever seen in New England."

With the addition of Mr. Hamilton to the program, preparations for the concert were almost completed. Miss Hoctor arrived a few days ago from New York, where she has just

OUR ACCIDENT RECORD

For five successive years, the Massachusetts Safety Council has stimulated interest in lower highway accident records in 125 cities and towns of the State by offering valuable bronze trophies to the three cities and two towns showing the fewest motor vehicle collisions involving personal injuries, on basis of population.

Communities are grouped on the basis of their population. Class One, cities above 100,000; Class Five, under 10,000; with the other groups between. Collisions involving a death have been scored as five points. The others have been charged as one point, regardless of the number of persons injured. A rate has then been worked out on the basis of a theoretical 100,000 population.

This week, the Safety Council announced the winners in the 1940 contest, on the basis of the official accident figures released by the Registrar of Motor Vehicles.

Class 3 honors went to the city of Pittsfield. The town of Arlington is in this class. It finished the year in fifth place with two fatalities, 356 injured persons and 231 automobile collisions chalked against this community. Our only consolation is the fact that during the previous year, four persons were killed by automobiles in Arlington. While we would all like to see this community at the top of the list in the Class 3 group for the year 1941, the alarming increase of auto accidents in Arlington during the past week does not hold any prospect of a good record for the new year.

The trend of motor fatalities in Massachusetts too is upward for the first time in four years. Last year no less than 618 persons were killed by autos in this State as compared with 599 a year ago. If as many were killed in an air raid, even across the Atlantic, newspapers would flash the figures in bold headlines and everyone would sit up and take notice. Yet, little attention is paid to the number of innocent people killed annually by autos in our own State. Almost 40 per cent of those killed were pedestrians.

Arlington motorists can do their part in reducing the number of accidents. They can boost this community to the top of Class 3 this year by driving carefully at all times. Will you do your part?

Cambridge Latin Edges Local Team

Cambridge Latin defeated Arlington High, 3 to 2, in a Greater Boston hockey league game at the Boston Garden Saturday afternoon. Captain Art Blanchard was the big gun for the Red and Gray, passing to Bennett for Arlington's first goal in the second period and scoring the locals' second tally, unassisted in the same stanza and thereby preventing a shut-out.

In the local lineup were: Kelly, E. Maguire, Middleton, Burns, Bennett, Blanchard and the following spares: Hervey, McArde, Ritchie, Cunha and Reagan.

The Arlington Armenian Citizens' club will have a social meeting with entertainment and refreshments at the Ye Lantern, Pond Lane, on Tuesday, February 11 at 8:00 p. m. Members and their friends will be invited.

The NEWS OBSERVES

Congratulations Arlington! This community went over the top and raised \$21,109.89 in the Greater Boston Community Fund drive, it was announced yesterday. The local quota was \$21,000.00 and was not reached until Wednesday night just as the campaign closed. Incidentally, the Greater Boston drive wound up in a blaze of glory with contributions exceeding the goal set at the start.

Newton reports the unprecedented sum of \$178,500 in unexpended balances has been turned back to the city treasury from last year's appropriations more than double the amount turned back at the end of 1939. There's a record to be proud of.

Not only are the candidates for major town offices few in number this year, but in several of the town's precincts, the number of candidates for town meeting member is smaller than the number to be elected next month. This condition may become serious if allowed to continue, because, unless capable citizens offer to represent their fellow townsmen, the town meeting membership will boil down to a mere popularity contest each year with incompetent representatives elected.

Army Flying cadet William George Walker, Jr., of 30 Brantwood road, who yesterday was graduated from the Flying Cadet course at Maxwell field, Alabama recently was given special praise for a most unusual feat, it was learned this week.

Walker joined the small group of pilots who have successfully flown down their planes on an ordinary rough field at night, with landing gear retracted. The experience occurred on a night cross-country flight, about ten miles from Maxwell field. Instead of bailing out with a parachute and permitting the plane to be wrecked, Walker dropped the gear and then brought down his plane on a muddy field without the use of landing gear. The only damage was a small dent in the wing and a bent propeller. The Arlington pilot is only twenty-one as he awaits his second lieutenant's commission in the Air Corps Reserve.

Woman's Club Offers Several Scholarships

Scholarships with unusual advantages in several fields of art, are being offered to interested young people by the Massachusetts State Federation of Women's Clubs.

Under the Division of American Home, the Copley Fashion School is offering a one-year's tuition; the Garland School of Homemaking and the Modern School of Applied Art are offering a full scholarship of two years.

Admission to classes for one year is offered by the Museum of Fine Arts on Huntington Avenue under the Division of Art; other scholarships given under this subject are offered by School of Practical Arts and Vesper George School of Art.

The Bouve-Boston School of Physical Education and the Chandler School of Marlborough Street are offering one year Scholarships and three schools under division of Literature are offering scholarships; the Bishop Lee Theatre Art and the Spoken Word, the Curry School of Expression and the Leland Powers School of the theatre. Young people in Arlington interested in any of these scholarships may obtain information as to rules and regulations from the president of the Arlington Woman's Club, Mrs. Fred U. Wyman, of 26 Allen St.

A comedy entitled "A Ready-Made Family" by Jay Tobias is the vehicle which has been selected by the Adelphi Young People's Society, First Baptist Church, for its annual dramatic presentation in March.

The director is Mr. Herman Benner, who was formerly a professor of dramatics and speech at Middlebury College, Vermont.

History Of Town Is Rotary Topic

Sketch of the Jason Russell House which figured prominently in the discussion of historic Arlington, at Wednesday's Rotary meeting. This house, one of the few Revolutionary landmarks left in Arlington, is still standing on Jason street.

"Historical Arlington" was the theme of the Rotary club's weekly meeting in the Middlesex Sportsman's clubhouse on Wednesday noon when Joseph S. Keating, superintendent of schools and local Rotarian presented a program featuring the historical background of this community with a group of nine pupils from the Parmenter school as guest stars.

Another highlight of the meeting, one of the best ever enjoyed by Rotary, was a farewell ceremony in honor of Arlington's twenty-six draftees who were inducted into the United States Army yesterday. President James J. Golden, Jr., after introducing visiting Rotarians and other guests, turned the program over to Chief Archie F. Bullock.

Calling the draftees, who were guests of the club at luncheon, to the head table, Chief Bullock delivered a brief but impressive address in which he cited the advantages which the local draftees will gain through their year's training, and added that although they would be trained in the art of war, they would likely never take part in a war. Chief Bullock then presented each draftee a beautiful fountain pen with the recipient's name inscribed upon it, as a gift from the club.

Superintendent Keating who next took over the meeting, introduced the boys of the Parmenter 5th grade who were to present a historical quiz on Arlington, their teacher, Miss Wyllyan E. Barrett and Miss Mary E. O'Connor, supervisor of elementary schools. Miss O'Connor described her supervision of the preparation of a history of Arlington which required two years to complete. This work of gathering and arranging source material on the geography and history of Arlington was shared by all the fourth grade teachers and many of the fifth and sixth grade teachers under the following chairmen: Margaret C. Ahern, Margaret E. Brennan, Natalie E. Burke, Florence W. Cromwell, Agnes C. Delay, Dorthea Johnson, Hulda E. Magnuson, Mabel C. Pond, Catherine M. Smith and Shirley A. Walker.

The work was edited by Miss O'Connor and accepted by the school superintendent. The result is a booklet containing a wealth of historical information about Arlington, most of which required considerable research. A few copies of the book, containing fifteen chapters, were distributed at the meeting. The plan is to have the source material used in such a way that a book on Arlington, written and illustrated by the children, will result.

Food Stamp Plan
(Continued from Page One)

tried in Rochester, N. Y., two years ago and in New England. Providence was the first city to have it.

30 Families to Benefit

Arlington about 330 families will be eligible to participate in the plan and it is estimated that about forty local food stores will benefit. The plan should mean \$5,000 additional business per month for local merchants.

So that the plan may become operative as soon as possible, the Menotomy Trust company has graciously offered to assist local officials in setting up the necessary revolving fund with which to purchase the first lot of food stamps, Mr. Cook revealed.

The Town will engage a cashier. From this office, WPA workers and welfare recipients will purchase orange colored food stamps weekly, and will in addition receive blue stamps. For instance with each \$6.00 worth of orange stamps purchased, the welfare recipient will receive \$3.00 worth of blue stamps. Orange stamps will be used for the purchase of any food while the blue may be used to purchase only foods listed as surplus commodities. The stamps will be accepted at their face value in participating stores, each stamp being worth 25 cents. The plan benefits welfare recipients because it makes it

possible to buy what they need and want the most in the food line.

The shipment of large quantities of the same produce at one time, plus the problem of distributing that one product to welfare recipients, whether they want it or not, will be eliminated under the food stamp plan. Merchants will do their own buying according to their own sales, and it is figured that the demand for so-called surplus commodities which can be purchased only with blue stamps will naturally encourage the stores to stock up on these products. The disposal of surplus foods all over the country will result. Furthermore merchants participating in the plan will benefit through increased sales and will not be deprived of the opportunity to sell the very same products which are now handed out at welfare centers. Merchants will accept as payment stamps, which they can redeem at any time, Mr. Cook explained.

In conclusion, the speaker said, "I am firmly convinced that a real step in the right direction has been taken. We hope the plan will affect a real reduction in our welfare costs. At present five or six persons are employed to handle the distribution of surplus commodities. Agreements signed by merchants and recipients are ironclad. However, there is always a possibility of abuses, but the FBI has already entered into the picture in other communities, and attempts to interfere with the proper operation of the stamp plan are being treated as a federal offense."

Following his talk, Mr. Cook answered many questions.

Town Must Cut To Help Pay The Defense Bill

National defense seems to be the most important thing in the minds of people today. The newspapers and radio are full of war news and of the efforts of this country to prepare. The National budget has been divided into two parts. One part for the continuance of the usual governmental functions and the other part devoted to defense appropriations. The first part of the budget is to be reduced, according to newspaper reports, some 15 percent, but the defense items are to be tremendously increased. The total is an all time high in government spending with the end not yet in sight. If aid to certain countries is undertaken, yet more Federal appropriations will be necessary.

For the most part people seem to believe that our Nation must arm; that aid to certain countries, however, time for us to take stock of things in Arlington. We must not let our mind become so filled with National Defense and Aid that our substance be taken from us in our own home Town. No one would imagine that if the Federal Government cut 15% off the everyday running expenses that we could or should do that here. It is, however, time for us to take stock of things in Arlington.

Consider the following items:

- (a) Can we do without any of our present services?
- (b) Should we curtail expansion and improvements?
- (c) Should we add to our number of employees?
- (d) Should we increase the pay of any employee?
- (e) Should the pay of any employee be increased beyond certain previously set limits?

It is axiomatic that the grand total of our appropriations will most certainly determine the

Explains Workings Of "International News" Service To Local Club

The members of the Varia Study Club met recently at the home of Mrs. Harold Scott, 142 Wachusett ave. In the absence of the president, Miss Bernadine Brooks, presided. A substantial donation to the Community Chest was voted.

The club was fortunate to have as guest speaker David W. Chute, assistant manager of the Boston office of the International News Service, which together with the United Press and the Associated News, supplies our country with foreign news. He stated the cost of cabling from abroad varied from five cents per word for British dispatches, to as much as ninety-six cents per word for news from the Balkans. In time of war, these prices increase. Foreign news is cabled to the New York office and then sent over the wires by teletype to the company's bureaus all over the United States.

In an informal manner, Mr. Chute gave his audience a insight into the manner in which the foreign correspondents obtained their news and under what strict censorship they labored to get it out of the country. He stressed the fact that the press can raise a most powerful voice, so much so that it is the first thing which a dictator will attack in setting up his dictatorship.

Mrs. Edna Stimpson and her committee served refreshments during the social hour.

Hunter, president; H. Harry Howe, first vice-president; Joseph Dente, second vice-president; Henry E. Castellon, secretary; Joseph S. Beecy, treasurer and Martin R. Durkin, counsel.

The retiring president, George A. Harris, wished the new officers a successful year and thanked those who served with him in 1940.

The association was formed in 1936 by neighbors in Arlington Heights and has come a long way in the past four years in improving, not only the Heights section, but areas throughout the town.

Intentions of marriage have been filed by Frank W. Gardner, Belmont and Jennie W. Snow, 27 Acton street; Nelson J. Pindari, Somerville and Mary E. High School Players Promise Many Laughs In Play, "What A Life"

"What A Life" will be presented by the Arlington High School dramatic club on February 15 in Robbins town hall. This is a tender story of a very young love. Harry Hanson will play the role of Henry Aldrich—whose trials and tribulations you've followed on the radio and the same Henry who made New York theatre audiences laugh for two years—and Faye Williams is co-starred with him. Others in the cast include Terry Shuman, Connie Wilshire and Robert Strong.

"What A Life" will make you relive the sweetest days of your life—when you were seventeen and the world was filled with music.

—Miss Agnes Carr, poet and writer for the Boston Herald-Traveler, was guest speaker at the guest night of the Trefol League in the Heights Baptist church a recent evening.

Large Audience At Organ Dedication In Hts. Baptist Church

Despite the difficulties of winter travel the dedication service for the new Wicks pipe organ and Deagan chimes in the Arlington Heights Baptist Church recently drew an overflow crowd.

L. W. Richardson opened the service with an address of welcome. The tribute of dedication to the late Andrew W. Freeman in whose memory the organ was dedicated was read by Mrs. George A. Brine, while Rev. Ralph F. Palmer, former pastor of the church and now professor in Gordon College gave the dedicatory prayer. A twenty minute organ recital was then presented by Mrs. E. L. Reed, organist of the church whose renditions demonstrated the splendid tone and quality of the newly installed instrument. The dedication sermon was preached by the pastor of the church, Rev. Walter E. Bridge on the subject, "Christ The Master Musician".

C., and many of the National Parks.

The Regent, Mrs. Melville H. Rood, presided at the meeting, and welcomed guests from the Arlington Garden club and the Win-One Class of the First Baptist church.

Mrs. Norbert Riley addressed the group on behalf of the Greater Boston Community Fund.

EVERY MONTH

Here at this co-operative bank, everyone saves that way. Each month, several thousand shareholders make payments into their accounts on or before the same day of the month. For each of them, the amount of their payment is identical, month after month, (though it may be as small as \$1.00 per month for an individual's account, or as large as \$120 per month for the individual and joint accounts of two persons). For each of them, their savings-payment is an amount they know surely they can spare, and their saving is fast.

You too, can save this fast, easy way. And you need not "do without," to have what you want.

DEPENDABILITY

The echoes of the snow-stroked vibrating thru the lumberjack continually matches his strength and resourcefulness with the mighty forces of nature. He can be depended on.

Our staff can be depended on to serve with discernment and experienced authority. The efficient manner in which we care for all details is indeed reassuring.

Looking Inside

(Ed.'s Note: The comments in this column are not to be considered as the editorial opinions of the NEWS.)

Feb. 6, 1941. The cost of government mentioned in dollars totaling two million more or less as it does per year here in Arlington means little to the individual. So suppose we get it down to that individual. Let us see what it costs you as single person—man, woman or child—to be governed in Arlington. If we divide the number of persons here into the net amount we have to raise in taxes, we will get the per capita cost of government in Arlington. We know what the population was in the years 1930, 1935 and 1940, so let us look at those years. The per capita cost for running Arlington is as follows:

1930	\$51.31
1935	\$51.40
1940	\$53.76

Notice that the cost is upward in spite of the fact that we have reduced our town debt each year so that the amount needed for this and interest is now over \$90,000 less than it was in 1935.

If the average family is four it now means that that family pays taxes to the amount of \$215.04 a year regardless of whether you pay a tax bill direct or in rent.

This Kind of SAVING Does NOT Mean "Doing Without"

The purpose of ALL saving is to have things ... not to do without them. If you want something that costs a little more or a lot, there's an easy way to save for it at this bank.

Frequently the things people want and fear they cannot have, cost a lot of money. The price of a house, or a car, or 4 years at college, or travel ... runs into thousands of dollars. Out of the weekly or monthly wages of most of us, the task of "saving" those thousands seems impossible.

Perhaps you have looked at the price of something you wanted, and compared it with what you thought you might be able to spare out of a year's earnings. The yearly sum necessary to reach your savings goal may have looked like an impossibly large amount to get aside, with enough still left for current expenses.

"Yet," you say to yourself, "people DO save a lot of money. And they don't seem to be going without things to do it. Either. What is their secret? How do they do it?"

THE "SECRET" OF FAST SAVING

Actually, there's no secret at all ... it's just plain mathematics ... plus a common sense idea which folks sometimes forget, because forgetting is so easy.

Consider 2 ways of "saving" \$300. If you multiply \$5 by 60, you will have your \$300. If you multiply \$100 by 3, you

MAKE A PART OF YOUR SAVING THIS WAY

Systematically ... every month! For when you do that, you can plan ahead, can set a goal and reach it. Choose a moderate sum to start with. Choose a sum that's small enough so you can surely spare it every month. Choose a sum that's large enough to emphasize how much faster you can save when you do it systematically.

IN CHARGE OF Traffic!

USE THE PROGRESSIVE MERCHANTS' GUIDE TO MORE SALES VOLUME — The Arlington News

THE PROBLEM of getting sufficient customer traffic into a store is recognized by every merchant. With few exceptions, the life and success of a business is in direct proportion to the number of possible buyers that daily pass through the doors. Similarly, every established merchant realizes that the customer who enters his place of business is in search of certain quality at a certain price. The successful business man stocks the items in the quantities and qualities desired by his customers.

But after a merchant stocks the right merchandise and recognizes the need for customer traffic, what shall he do then?

He can follow the lead of successful merchants still further! He can advertise! He can tell 11,000 families living in Arlington about his business and his merchandise. He can make them special attractive offers to increase his store traffic.

How can he reach those necessary 11,000 families for the least amount of money and with the greatest amount of certainty?

He can advertise in the Arlington NEWS, the newspaper that is read and accepted by over 11,000 Arlington families every week!

CONSISTENT ADVERTISING IN THE ARLINGTON NEWS BRINGS RESULTS!

Case histories of ads run by consistent advertisers show an even greater degree of success than those run by occasional advertisers. Regular NEWS advertisers build up an acceptance in the minds of readers. Their ads have an identifying continuity

that potential customers look for. If you are in business and are not now an advertiser in the Arlington NEWS, we urge you to investigate the NEWS possibilities.

Local news stories in the NEWS guarantee readers interest.

The Golden Text is: "If we live in the Spirit, let us walk in the Spirit" (Galatians 5:25). Other Bible citations include: "And the Lord spake unto Moses, saying, Speak unto Aaron and unto his sons, saying, On this wise ye shall bless the children of Israel, saying unto them, The Lord bless thee, and keep thee: the Lord make his face shine upon thee, and be gracious unto thee: the Lord lift up his countenance upon thee, and give thee peace" (Numbers 6:22-26).

The Lesson-Sermon also includes the following passage from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When we realize that Life is Spirit, never in nor of matter, this understanding will expand into self-completeness, finding all in God, good, and needing no other consciousness" (p. 264).
